of Volunteerism in
Public Publics**

KA210-YOU Small-Scale Partnership aiming to strengthen disaster preparedness, volunteer systems, and digital coordination in public institutions and NGOs across partner countries.

The official launch of RAIN took place at Haymana District Directorate of National Education, gathering representatives from Türkiye, Italy, and Portugal.

ABOUT THE MEETING

Strategic Objectives of the Meeting

- Clarification of project timeline (May 2025 – November 2026)
- Allocation of roles and responsibilities
- Definition of LTT mobility calendar
- Planning of dissemination strategy
- Framework design of the e-Disaster Guidebook
- Establishment of communication and financial management procedures

The meeting included detailed presentations on the aftermath of the Maraş earthquakes and the voluntary efforts carried out by Turkish institutions, demonstrating the real-life motivation behind the project.

Partners agreed on:

- Monthly online coordination meetings
- Shared Google Drive document management
- Structured dissemination via website and social media
- Organization of 3 face-to-face + 3 online multiplier events per partner
- Continuous monitoring via pre/post tests and evaluation checklists

The meeting concluded with a certification ceremony and a cultural visit, strengthening intercultural understanding and partnership cohesion.

Dissemination & Impact Strategy

To ensure long-term impact:

- Weekly updates on social media (YouTube, Instagram)
